

24. May 2010			
Section 1 – Introduction Chairman Dr. Roland Winkler			
10.00	Interrelation between Architectural Design and Energy Demand?	Prof. Albert Speer AS&P Architects Consulting (Shanghai) Co.Ltd.	
10.30	Sustainable Buildings	Leng Xiao German Industry and Commerce (Taicang) Co. Ltd. Shanghai Branch econet China	
Coffee break			
11.00	The Hamburg House EXPO 2010 Shanghai	Lars Anke Chief Representative Hamburg Liaison Office Shanghai German Industry and Commerce (Taicang) Co. Ltd. Shanghai Branch	
12.00	Influences of the energy demand of buildings Possibilities to calculate the energy demand of buildings by simulation tools	Christoph Mitterer Fraunhofer Institute of building Physics IBP - Holzkirchen	
Lunch break			
Section 2 – Certification of building Chairman Prof. Andreas Oberheitmann			
14.00	Promotion of High Efficiency Buildings in China inspired by German Standards	Dr. Roland Winkler German Industry and Commerce (Taicang) Co. Ltd. Shanghai Branch econet China MUDI Munich Urban Design International Co., Ltd.	
14.20	Energetic estimation of buildings in China and some suggestion for Chinese Building Energy Efficiency Standards	Zhang Xiaoling Center of Science and Technology of Construction Center of Energy Efficiency in Buildings Ministry of Housing and Urban-Rural Development(MOHURD) – China	
14.40	Energetic estimation of buildings in China and some suggestion for LEED and China Green Building Standard	Tiffany S.W. Tsui DHV Group Netherlands - China	
Coffee break			
15.30	Energetic estimation of buildings in China and some suggestion for LEC – Low Energy Building Standard	Prof. Dr.-Ing. Hans-Peter Leimer Professor in Building-Physics University of Applied Sciences and Arts - HAWK Hildesheim/Germany Hefei University - Anhui/China Nanchang University – Jiangxi/China BBS INSTITUT - Germany/China	
15.50	CDM in the building sector in China - Opportunities and Challenges	Prof. Andreas Oberheitmann, Ph.D. Research Center for International Environmental Policy Department of Environmental Science and Engineering Tsinghua University Beijing-China	
Start 16.30	Experience the quality of life - We let you experience the quality of life! The German Centre offer his platform:		

	Chinese as well as international visitors can sample a new quality of life and sustainability evolving around future, energy, and health awareness on the 2,500 m ² event space. http://en.2010.germancentreshanghai.com/index.html
Start 17.00	The Pavilion of Innovations - Guided Tours every 20 Minutes
Start 18.00	Innovation party at the Pavilion of Innovations

25. May 2010

Section 3 – Integrated concepts for Buildings 1
Chairman Prof. Dr.-Ing Hans-Peter Leimer

10.00	Integrated concepts for Buildings – The Pavilion of Innovations	Dipl.-Ing. Peter Bachschuster Prof. Dr.-Ing. Eberhard Grossert Prof. Dr.-Ing Hans-Peter Leimer Dipl.-Ing. Ronald Kruse China German Group Shanghai	
Coffee break			
11.30	window solutions for passive houses and low energy buildings	Dr. - Ing. Michael Szerman profine GmbH - Germany	
11.50	Glass in Buildings – Challenges for Energy Efficiency and Comfort	Dr. Helmut Hohenstein Beijing HOPA International	
12.10	Solutions in Glazing- Switchable solar control and heating glazing for energy-optimised façades	Reinhard Cordes FRERICHS GLAS GMBH - Germany and EControl-Glas GmbH & Co. KG - Germany Herzog GmbH - Germany	

Lunch break

Section 4 – Integrated concepts for Buildings 2
Chairman Prof. Dr.-Ing. Eberhard Grossert

14.00	ETICS - Thermal installation materials and systems	Uwe Münchow ETICS Quality Alliance	
14.30	Solutions for rooms Acoustic-Health-climate	Shailesh Koirala Knauf Plasterboard (Wuhu) Co., Ltd China	
break			
15.30	Clean & Renewable Energy Application	Ma Haifeng Vaillant China - Germany	
15.50	Heating and Cooling - Energy from Geothermal to Floors and Ceilings	Joerg Boebel -- Mr. Wang REHAU Polymers (Suzhou) Co. Ltd No. 112 North of Dongcang Road, Taicang Economic Development Area 215400 Taicang, PRC	
16.10	HVAC- How to control the running systems in buildings	Reiner Waffenschmidt Bachmann electronic Shanghai - China	

start 16.30 Experience the quality of life - We let you experience the quality of life!

The German Centre offer his platform: Chinese as well as international visitors can sample a new quality of life and sustainability evolving around future, energy, and health awareness on the 2,500 m² event space.
